Lawn Doctor is a locally owned and operated lawn care business. We understand every lawn has particular needs, so we offer Custom Landscape Programs to fit our customers' needs.

Scope of work :

Blanket broadleaf weed control to the front yards of all 224 single family homes in Pine Ridge development. The front includes all grass up to the dividing fence between the houses. Homes without a fence will be treated to where the fence should be. Large areas around turns, corner lots, and islands will also be treated. Lawn Doctor has been doing this service since 2018, in that time the community has shown a dramatic improvement. Years ago, the community was mostly all weeds.

Frequency :

Blanket weed control to be done three times per year, in October, January, and April before the weather starts to heat up.

Price:

\$2490 per application
